

GOVERNORS OFFICE  
AUSTIN, TEXAS

REPRODUCED FROM THE  
HOLDINGS OF THE  
TEXAS STATE ARCHIVES

PAT M. NEFF, GOVERNOR  
R. B. WALTHALL, SECRETARY TO THE GOVERNOR  
MRS. ESPA STANFORD, ASSISTANT SECRETARY

Mar. 31, 1921.

To the Secretary of State:

By the authority vested in me by the Constitution and laws of the State of Texas, I herewith file with you Senate Bill # 39, an Act to amend the Fire Escape Law of Texas, with my disapproval and veto of said bill, for the following reasons:

This bill provides for a "Metal Fire Escape" instead of a "Standard Fire Escape". A metal fire escape means any kind of a fire escape made of metal. It may be a rudely constructed ladder inadequate in every way as a fire escape. If a building needs a fire escape at all, it should have one that could be used with safety. A "standard" type means a certain character of a fire escape, but merely a "metal" escape means, for practical purposes as a fire escape, nothing. I think the fire escape law needs amending, but not by substituting "metal" fire escape for a "standard" fire escape. This bill is therefore disapproved and vetoed.

Yours sincerely,

Governor

Received in Department of State.
